

Marilyn Nyman *President and Founder*

Marilyn Nyman has a passion that is evident in her personal background, client relations and the culture, mission and direction of The Nyman Group.

My passion for personal communication has lead to everything I do. Growing up with a deaf parent, I've spent my life understanding other people's points of view. I've focused on elements of communication most of us take for granted, and understand its critical role in building trust in the business context.

An executive leadership coach/consultant and certified speech pathologist, Marilyn S. Nyman is President and founder of The Nyman Group/Nyman Associates. Her enduring client relationships are a source of pride.

Our whole organization is about building trust... one client at a time. We develop long-term, solid relationships with our clients by understanding their people, their cultures, their challenges. We listen. We understand.

The creator of *The Nyman Method*, Marilyn has pioneered a range of exclusive communication, assessment and decision-making tools in her twenty years in the business. She delivers her personal energy, insight and innovative solutions to a range of business leaders in industries ranging from pharmaceutical to industrial, financial, technical, public services and others.

Marilyn is adjunct professor at Drexel University's College of Business and Administration and a guest lecturer at Harvard Graduate School of Education, Principal's Center, and The Wharton School at the University of Pennsylvania. Her educational background includes a master's degree in speech/language pathology.

Recognized as an expert on speaking, Ms. Nyman travels throughout the country conducting seminars and is a frequent speaker at conventions and meetings, including a recent televised broadcast at WHYY Public Broadcasting. She is an active board member of the Anti-Defamation League, and a member of the Forum of Executive Women, the Speech Communication Association, and the National Speakers Association. Marilyn received the Montgomery County Women of Achievement award for 1998.
